

Quiz-ALL

Quick Start Guide

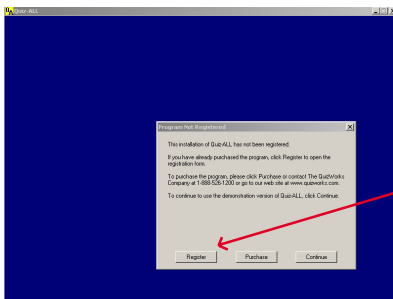

Step 1. Turn on computer and after complete boot-up, connect the USB SideKeys Receiver. Red LED should light up next to the Quiz-ALL template. If LED doesn't light up see SideKeys Manual for details.

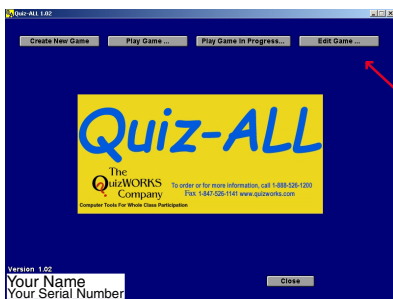

Step 2. Insert the Quiz-ALL CD. If it doesn't autoboot then double click on "Setup.exe".

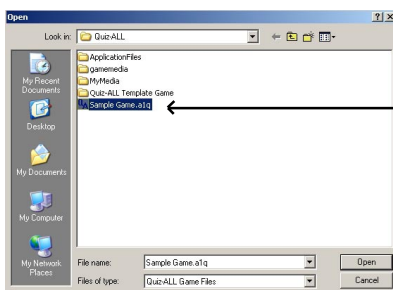

- follow the prompts
- click finish
- remove the CD

Step 3. Register using your Name and Serial Number.

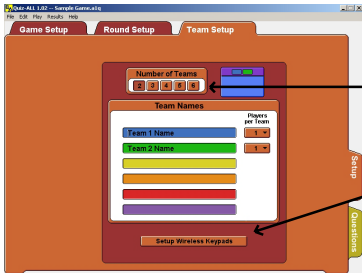

Step 4. Choose "Edit Game".

Step 5. Click on "Sample Game" and open it.

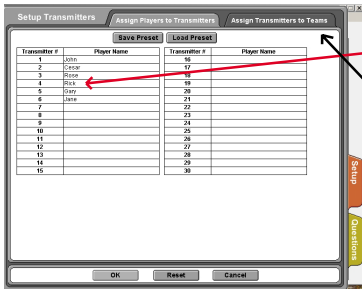

Step 6. Choose the "Team Setup" tab.

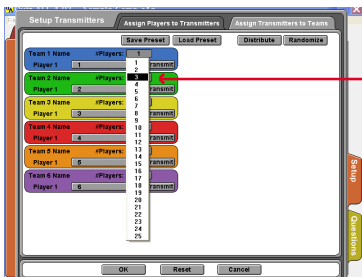

Step 7. Choose "6" Teams.

Step 8. Click on "Setup Wireless Keypads".

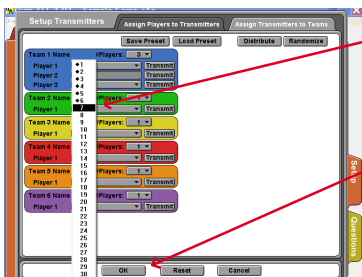

Step 9. Type in the students or teams names next to the corresponding keypad.

Step 10. Click on "Assign Transmitters" tab.

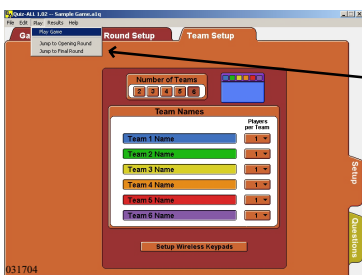

Step 11. Click on "#Players:". Assign the number of players to each team.

Step 12. Click on "Player Box". Assign keypad number to each player, on each team.

Step 13. Click on "OK".

Final Step. Click on "Play" then select "Play Game".
